Terms

When your order is completed, we will notify you with an itemized invoice. If you cannot pick up the order, please remit payment so we can ship UPS or Parcel Post Insured. We prefer not to ship COD because it is so very expensive for you. Do not send advance payments.

I am using Hides that I sent in.

We gladly accept:

Glove/Mitten Orders

Please attach a separate sheet or copy of this order form when lines are full.

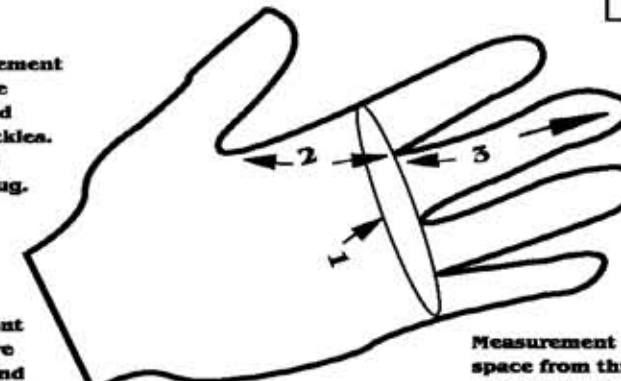

QTY	Size*	Ladies, Men Children	Product #	Description	Color	Price	Embossing Design** (optional) <small>(add \$12 for one burn, add \$21 for a pair)</small>	Total
							<input type="checkbox"/> One Burn <input type="checkbox"/> Matching Pair	
							<input type="checkbox"/> One Burn <input type="checkbox"/> Matching Pair	
							<input type="checkbox"/> One Burn <input type="checkbox"/> Matching Pair	
							<input type="checkbox"/> One Burn <input type="checkbox"/> Matching Pair	

*Sizes= T/Toddler,CH/Child, S,M,L,XL or C/Custom (please use measurements with this option).
**See page X for embossing designs

Total Cost of Gloves/Mittens _____

Remarks:

For measurement #1, Measure around hand across knuckles. Do not pull tapeline snug.

Measurement #3, measure length of 2nd finger. Measure on palm side

Measurement #2, measure space from thumb to fork of 1st and 2nd finger. Measure on palm side.

* All work style gloves are machine cut, and standard finger lengths cannot be altered.

Glove Measurements

Leather Requirements

One large deerskin will make approximately three pair of gloves or mittens. A small hide will make one to two pair. The size and condition of the hide and the size and style of the gloves or mittens selected determine how many pair can be made. When filling out order form, list your gloves or mittens desired, and we will start at the top of your list and make as many as your leather permits.

Please use this guide to measure for your custom glove order.

Custom Fit Measurements

Measurement #1 _____
Measurement #2 _____
Measurement #3 _____
